

DESIGN SYSTEM

Bright Accent Palette

These are the four colors we lean on to bring splashy energy into the StreamBridge experience. Use them as a reference when designing hero banners, marketing callouts, and custom UI moments.

Dark Mode Support

StreamBridge supports light and dark modes with vibrant accents that maintain their energy on both backgrounds.

Highlight accents

Copy these utilities when you need the exact tones showcased on the reference inspiration banners.

Signal Green

.bg-green-35

--colors-green-35

Use for optimistic hero treatments and spotlight badges.

Playful Pink

.bg-pink

--colors-pink

Pairs nicely with green for secondary highlights and stats.

Electric Blue

.bg-vimeo-blue

--colors-vimeo-blue

Primary accent for CTAs, links, and icons.

Depth Black

.bg-pearl-black

--colors-pearl-black

Foundational backdrop for dark sections and contrast blocks.

Supporting neutrals

Use these softer tones to frame the bright palette without overwhelming the layout.

Pebble Gray

.bg-vimeo-granite-gray

--colors-granite-gray

Subtle dividers, neutral text on dark backgrounds.

Soft Silver

.bg-vimeo-silver-gray

--colors-silver-gray

Card borders and skeleton loading states.

Cloud White

.bg-vimeo-pearl-white

--colors-pearl-white

Surface backgrounds and contrast panels on dark mode.

Typography snapshots

Our default stack is Inter. These are the core sizes we reference most often across product and marketing.

DISPLAY / WEB HERO

Beautifully simple multi-camera streaming

Use for marquee hero headlines and launch moments.

HEADING / SECTION TITLE

Production-grade reliability, instant feedback

Use inside feature sections, dashboards, and docs.

BODY / DEFAULT COPY

StreamBridge brings SRT ingest together with WebRTC previews so teams can collaborate without waiting on encodes.

Primary paragraph treatment for marketing and product screens.

CAPTION / META

STREAM STATS REFRESHED EVERY 15 SECONDS

Use for supporting details, badges, and UI chrome.

Component examples

Mix accent badges with neutral surfaces for balanced, legible cards.

In Production

Nightly highlight reel

Auto-cut the best camera angles with AI-assisted highlights.

DEPTH BLACK ANCHORED WITH ELECTRIC BLUE CTA.

Beta

Backstage chat

Route realtime feedback to talent with confidence monitors.

SIGNAL GREEN ACCENT KEEPS THE TONE OPTIMISTIC.

Feature

Community spotlight

Showcase standout partners with playful overlays and metrics.

PLAYFUL PINK ENSURES THE STORY FEELS CELEBRATORY.

Complete Color Palettes

Full Tailwind-style color scales for all main accents and neutrals. Copy the utilities directly into your components.

Signal Green

Optimistic, energetic accent for success states and highlights

50	100	200	300	400	500	600	700	800	900	950
